Dear <NAME>:

Thank you for your support of WKAR. We want to share with you other great opportunities to get involved with the station. One way many people enjoy getting involved with WKAR's Kids Club.

Kid's Club is an organization under PBS geared to give WKAR kids ages 0-10 special privileges. However, this program requires many volunteers to be successful.

Kid's Club entitles members to have their birthdays read over the air and receive birthday cards and gifts from the station. There are volunteers needed to make sure that every child's special day is celebrated to the most.

Members are also invited to fun and educational quarterly events hosted by WKAR. The success of these events depends on the volunteers. We need people who are willing to help set up, check in guests, dress up in WKAR character costumes for the kids, and more.

For more information on volunteer opportunities and getting involved with Kid's Club at WKAR, please contact me by phone or email.

Sincerely,

Shadonna Crosby  
Assistant Director of Development
